

Products

– Security & Sensors

PIR303

ZigBee Motion Sensor

Main Features

- ZigBee 1.2 HA Compliant
- Low consumption ZigBee module
- High stability
- Extra-thin luxury design
- Long battery life
- Low battery warning

Main Specifications

Operating Voltage	• DC3V (1*CR2450 button battery)
Current	• Standby Current: ≤16uA • Alarm Current: ≤30mA
Installation Height	• 2.1 m
Detecting	• Distance: 9-12 m • Angle: 110 degrees
Operating Ambient	• Temperature: -10 ~ 50C • Humidity: maximum 95%RH (no congelation)
Networking	• Mode: ZigBee Ad-Hoc Networking • Distance: ≤ 100 m (open area)
Anti-RF Interference	• 10MHz – 1GHz 20 V/m
Dimension	• 65(W) x 65(L) x 28(H)mm
