SIR216

ZigBee Siren

Main Features

- AC-powered
- Synchronized with various ZigBee Security Sensors
- Built in backup battery that keeps working for 10 hours in case of power outage
- High decibel sound and flash alarm
- Low power consumption
- Available in UK, EU, US standard plugs

Main Specifications

ZigBee Profile	• ZigBee Pro HA 1.2
RF Characteristics	• Operating frequency: 2.4GHz
Working Voltage	• AC220V
Battery Backup	• 3.8V/700mAh
Alarm Sound Level	• 95dB/1m
Wireless Distance	• ≤80m (in open area)
Operating Ambient	• Temperature: -10°C ~ + 50°C • Humidity: <95% RH (no condensation)
Dimension	• 80mm*32mm (plug excluded)
